

# WINNEBAGO AUTO MODELERS

## e-newsletter

SEPTEMBER 2020

VOLUME 16

ISSUE 01

### September Meeting

The monthly Winnebago Auto Modelers Meeting for September will be held on Tuesday, September 8th at 6:00 PM at Dave's shop in Appleton. We will be going the latest information regarding the WAMC show that is scheduled to be held in Oshkosh on the 31<sup>st</sup> of October.

**TALK LIKE A PIRATE DAY!**  
**SEPTEMBER 19TH**

#### Thank You!

Thanks for reading our club newsletter, we enjoy sharing our hobby with you. Thanks also to HobbyTown of Oshkosh for their general support of our club. Many thanks to the Auto Modelers Group (AMG) of Wisconsin, IPMS/GTR Auto Modelers, RI Bong IPMS and the Hoosier Model Car Association (HMCA) for their electronic newsletters.

If you would like to be added to our newsletter distribution list, send an email request to:

[WAMclassic@gmail.com](mailto:WAMclassic@gmail.com)

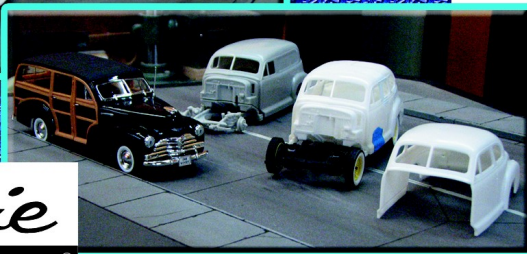

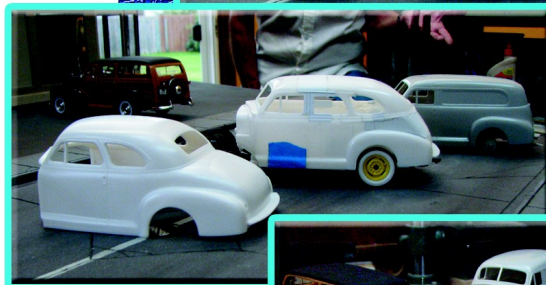

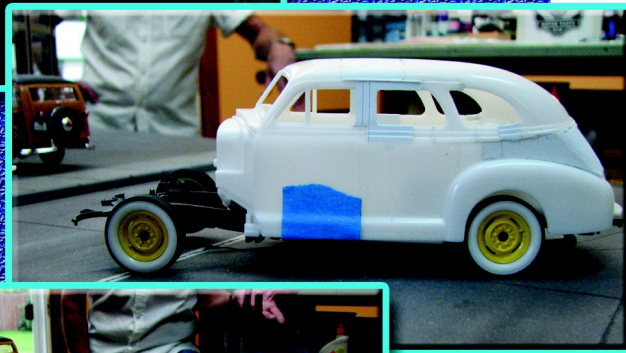

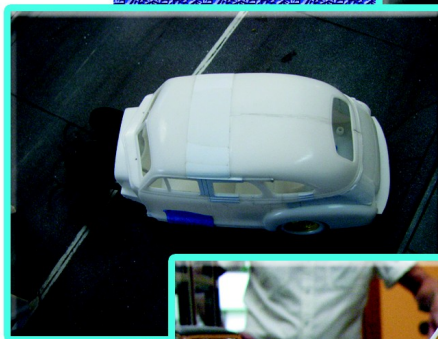

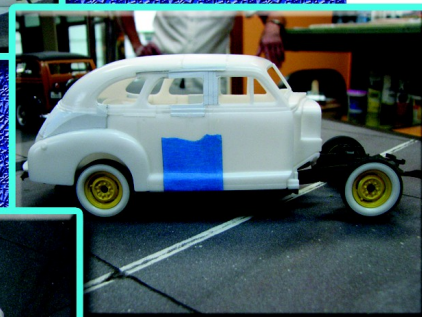

### Winnebago Auto Modelers July Meeting

You may or may not have noticed, there was no WAM newsletter for the month of July, mostly due to the lack of anything of interest to plug into a newsletter. This issue will mark the 16<sup>th</sup> year that the newsletter for the Winnebago Auto Modelers has been sent out in an email format. Sadly, there is still not much of

great interest to promote in the newsletter. Since the last issue, the WAM club has met twice, once in July and again in August. Don, Matt, Dave, Andy and Greg attended the July meeting and Greg, Matt and Dave attended the August meeting.

The accompanying photos were taken at the July meeting, and depict some of the work being done on Galaxie Limited '48 Chevy kits. Members have several in the works, including the 4 door sedan conversion that Dave is working on.

We are still searching for a few more Galaxie Limited kits, coupes and aerosedans being of most interest. Anyone having a complete kit, started kit or built version they are looking to sell, contact any WAM member with the details. We would be incorporating it into our upcoming project.

*Galaxie*  
LIMITED

## REVELL USA NEWS

Recently, Revell USA posted some images of a 1971 Mustang Boss 351 in the process of being scanned for the production of an all new scale model kit.

Should this become reality, an

all-new tool kit would be great news from a model company that was reportedly lost in the Hobbico 2018 bankruptcy.

Revell's production of anything new in the American car arena

was suspected to be a Corvette kit at best. Tooling up for a non-current US classic is indeed a good sign. Also posted on the company's

website [www.revell.com](http://www.revell.com) is a notice of a Revell line of hobby paints and accessories coming soon to the US and Canada. While little information is available at this time, the posted images include acrylic paints, a line of paints in "Humbrol-like" round tins, spray paint and craft glues, paint brushes and sprue cutters. With Testors pulling back in the lines of hobby paint they offer, any new line of paints and supplies that can be obtained locally will be welcome to the hobby. Time will tell what this amounts to, hopefully it will be valuable to the hobby.
